

IMPROVE SAFETY OF YOUR CRANES WITH SAFETY WARNING PROJECTOR

Safe crane operation is the foundation of everything. Safety warning projector enhances both safe operation of cranes and the safety of personnel working in the area.

The high-quality LED projector in our range is designed for industrial use. Its maximum installation height is 25 meters, with a light intensity of 3,200 lux.

Various safety light patterns are available according to customer needs, including safety symbols for cranes and safety line projections. Standard products are available directly from our stock. Safety warning projectors are easy to install on all industrial cranes.

The safety warning projector is CE and TÜV approved.

OUR SERVICES FOR INDUSTRIAL NEEDS

KP CRANES

INDUSTRIAL AND OVERHEAD CRANES

There are various lifting needs in the industry for which we can find an agile and reliable solution, even custom-made if necessary. Our smart solutions for crane lifecycle management support data-driven decision-making. With our crane remote monitoring services, you are informed of upcoming crane maintenance based on the crane's actual use and lifts.

KP CRANE INSPECTIONS

CRANE INSPECTIONS

Predictive maintenance and periodic inspections always provide e.g. a good overall picture of the condition of a overhead crane. Planned maintenance before the inspection ensures that there are no issues requiring separate service visits. This way, both risks and costs are anticipated and managed, while also ensuring the uninterrupted operation of the crane.

KP SERVICE

INDUSTRIAL MAINTENANCE

At the core of our expertise is still the maintenance of production plants, focusing on equipment maintenance and spare parts services for the precast concrete industry, as well as modernizations. Additionally, you can benefit from our professional expertise in various heavy industry projects and shutdowns.

KP PARTS

SPARE PARTS AND WEAR PARTS

High-quality spare and wear parts enable successful maintenance for your equipment, ensuring safe operation and a long lifespan. Our spare parts service offers fast delivery times and good availability, helping you optimize the maintenance window. Our range includes spare and wear parts for hollow core casting machines, production equipment, and overhead cranes.

Fast and high-quality service is ensured by strong local expertise and our comprehensive service network. KP-ServicePartner Oy is a Finnish family owned company, which was established in 2003. We operate in 14 locations in Finland, employing around 100 industrial professionals.
